T200 COACH UNIT
QUICK START GUIDE

NEW TEAM SETUP

YOUR SYSTEM ARRIVES UPDATED & PRE-PAIRED

If you purchased your T200 and XR15 Player Units as a new setup, your devices will arrive updated, paired, and ready to communicate.

1. Power on your T200 Coach Unit
2. Power on your XR15 Player Units
3. Send your first sign

Hold lower-right side button for approx. 5 seconds

Example:

[1] [2] [#]

Enter the sign number using the keypad, then press # to send.

EXISTING TEAM SETUP — Adding the T200 coach unit to your existing setup

The T200 is compatible with XR15 Player Units only.
The T100 Coach Unit and XR5 Player Units are not compatible with the T200.

1 Update all XR15 Player Units to software version 4.x.x

All XR15 units must be updated to 4.x.x software version before they can be used with the T200

2 Pair each XR15 to the T200

***[5-digit PanID]#

3 (if applicable) Pair a secondary T200

MOBILE APP — COMING SOON FALL 2026

The mobile app will add expanded functionality and customization to your T200 setup:

A GROUPS

Send signs to a specific group (ex: infield, outfield, etc.)

B GAME LOGGING

Start and stop game data logging for export and analysis.

C PLAYER NOTES

Send scouting report notes using jersey numbers

WIRELESS SYNC

Edit & sync your sign list on the go

COACH FROM THE APP

Send signs via the mobile app when your T200 is nearby

ADDITIONAL CUSTOMIZATION

Adjust sign colors, line size, and appearance
